PANEL FENCES

WINDCHEATER

The **Windcheater Fence Panel** is a durable fencing option for your outdoor space. Made from home grown Larch or Douglas Fir, this fence panel is dipped in a chestnut- brown colour.

WINDCHEATER

Product Features:

- **Waney Edge Front View:** The front view of the panel features a unique waney edge design, adding a rustic and natural aesthetic.
 - **5 Rear Battens:** The back of the panel is reinforced with 5 rear battens, providing stability and strength.
- **The Windcheater Fence Panel** comes in various sizes, including 6' wide and 3', 4', 5', and 6' heights, allowing you to choose the perfect fit for your needs.
 - **3" Bottom Board:** This panel incorporates a 3" bottom board, making it one of the strongest and most secure fence panels on the market

PANEL FENCES

FEATHEREDGE

The Featheredge Fence Panel is a heavy-duty and durable option for your fencing needs. It is constructed with a 1 1/2" x 1 1/2" frame and a 6' x 6" x 1" Gravel board providing additional strength and stability. The panel is topped with a capping rail for added protection.

Key Features:

- Heavy-duty construction: The panel is made to withstand tough conditions and provide long-lasting fencing.
- Tanalised treatment: The panel is treated with a tanalised coating, enhancing its resistance against rot, decay, and insect damage.
- 5" feather-edge pales: The panel is clad with 5" feather-edge pales, ensuring privacy and security while maintaining an attractive appearance.
 - Available sizes: The Featheredge panel is available in 6' wide options with heights of 3', 4', 5', and 6' to suit your specific requirements.
- Easy installation: The panel is designed for straightforward installation, allowing you to create a sturdy and secure fence quickly.

PANEL FENCES

MADRID

MADRID CONCAVE FENCE

The **Madrid Fence Panel** is a stylish and popular European design that adds beauty and functionality to any outdoor space. Featuring an attractive chevron effect panelling, this fence panel is available in two sizes: 1790 wide x 1800 high and 1790 wide x 1125 high. Treated in a natural green colour for longevity, the Madrid Fence Panel is designed to withstand the elements.

Its morticed and tenoned jointed frame provides strength and stability, ensuring that the fence panel will stand tall for years to come. Whether used to create privacy or define a specific area in your garden, the Madrid Fence Panel is sure to impress.

PANEL FENCES

NERIS

The Neris Fence Panel is a highly popular and attractive option for creating boundaries and privacy in your outdoor space. With its bow top diamond trellis design, it adds an interesting and decorative touch to any garden or yard.

The panel is available in two sizes: 1790mm wide x 1800mm high and 1790mm wide x 900mm high, giving you options to suit your specific needs.

Constructed with a morticed and tenoned jointed frame, the Neris Fence Panel is built to last. It is treated in a natural green colour to ensure longevity and durability, even in harsh weather conditions. This means you can enjoy the beauty of the panel for years to come without worrying about decay or damage.

TROPIC MODERN TRELLIS

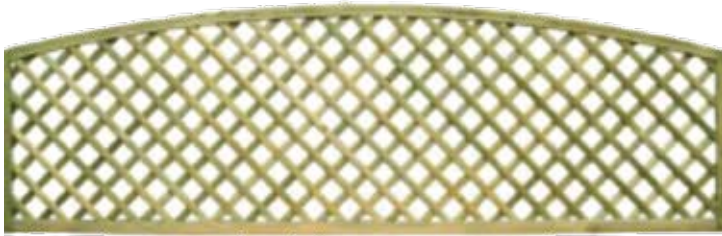

The **Tropic Modern Trellis** is a decorative and functional addition to any garden or outdoor space. This green treated bow top trellis panel features a 38mm diamond lattice design that is perfect for supporting and enhancing the growth of climbing plants. Not only does it provide a backdrop for your plants, but it also offers a great deal of privacy thanks to its dense lattice pattern.

Product Features:

- Decorative and functional trellis panel.
- Green treated for added durability and resistance to weathering.
- Dimensions: 1790mm wide x 1800mm high.
- Easy to install and maintain.

CONVEX DIAMOND TRELLIS

The Large Diamond Convex Trellis is the perfect addition to any fence, providing both height and aesthetic appeal. Made from pressure-treated panels, this trellis is not only durable but also resistant to the elements, ensuring it will last for years to come. Measuring at 1830mm wide and 600/450mm high, the Large Diamond Convex Trellis is ideal for adding a touch of elegance to your outdoor space. Whether you want to create a more private atmosphere or simply enhance the look of your fence, this trellis is the perfect solution.

Measuring at 1830mm wide and 470/320mm high, the Medium Diamond Convex Trellis is the ideal size for most fences. It is versatile enough to be used in various outdoor settings, whether you want to create a boundary between your garden and the outside world or simply enhance the look of your existing fence. Made from pressure-treated panels, this trellis is built to withstand the elements and resist rot and decay. This means you can enjoy its beauty and functionality for years to come without worrying about constant maintenance..

CONVEX DIAMOND TRELLIS

Measuring at a modest 1830mm in width and 270mm/160mm in height, the **Small Diamond Convex Trellis** is the perfect solution for those looking to add a touch of elegance to their garden or yard. These quality continental fence panels are constructed from smooth planed diagonal battens, ensuring durability and longevity. The panels are securely fastened into a full outer frame, guaranteeing stability and strength.

Whether you are looking to create a boundary around your property or simply enhance the appearance of your existing fence, the Small Diamond Convex Trellis is a versatile option that will not disappoint. Its sleek design and high-quality construction make it a reliable choice for those seeking both style and functionality in their outdoor decor.

Measuring at a generous 1830mm wide and 600/450mm high, this **Deluxe Diamond Trellis Panel** is ideal for adding extra height to your fence while also enhancing its overall appearance. The battens and framing are constructed from sturdy 35 x 18mm timber, with a spacing of 110mm between each batten for a stylish and contemporary look.

Available in two convenient sizes - 6' x 2' and 6' x 1' - this Deluxe Diamond Trellis Panel is perfect for a variety of fencing projects. The pressure treated green finish not only adds a touch of colour to your outdoor space but also provides protection against the elements, ensuring your trellis remains in top condition for years to come.

DELUXE SQUARE TRELLIS

This high-quality panel features battens measuring 35 x 18mm, with a spacing of 110mm between each batten. The result is a sturdy and durable trellis that provides both support for climbing plants and a decorative element for your garden.

Available in a range of sizes, including 6' x 6', 6' x 5', 6' x 4', 6' x 3', 6' x 2', and 6' x 1', you can easily find the perfect fit for your space.*

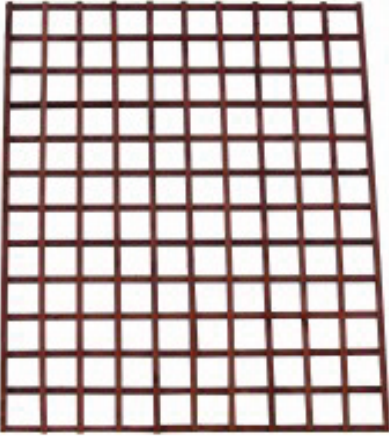

Whether you are looking to create a boundary around your garden or add a touch of elegance to your patio, this trellis panel is sure to enhance the look of your outdoor area.

Constructed from pressure-treated green timber, this trellis panel is designed to withstand the elements and maintain its appearance for years to come. The green treatment not only adds a touch of colour to your garden but also provides added protection against rot and decay.
